That is so annoying that it does that! You can ignore all that. I will ask you for help if I have a question. I am working in the Class V permit now, so you can ignore any message you receive about that, too.

Hi Valois,  
I keep getting these notices, but when I open the document, it doesn't take me to the location of the comment.  
Are there comments I should be checking?  
Thanks.
